# The new **Kushaq**

Some things are easy to love from the start. Others make you work for it. Cars often fall into the second category, where the best features are saved for later, or higher up. The new Škoda Kushaq does the opposite. With thoughtful design, solid build, and the essentials you actually want, built in from the beginning, every drive feels complete, considered, and reassuring. Making the new Škoda Kushaq - Easy to love.

A close-up photograph of a car's center console. The gear shift lever is in the foreground, featuring a black leather boot and a silver-colored top with 'P', 'R', 'N', 'D/S', and '+'/'- symbols. Above the gear shift is a climate control panel with a digital display showing '22.0°'. The panel includes buttons for fan speed, temperature, and air distribution, as well as a red triangle hazard button and a lock button. The surrounding interior is finished in a dark red or maroon color.

A woman with dark hair, wearing a mustard-colored long-sleeved top and dark blue leggings, is seated in the rear of a car. She is wearing a seatbelt and has her eyes closed, appearing to be in a state of relaxation or sleep. Her hands are clasped in her lap. The car's interior is light-colored, and the window shows a blurred city street scene with brick buildings. A small, dark rectangular object, likely a phone, is resting on the seat next to her.
